Miss Elizabeth Reynolds went to Margaretville Tuesday, where she is employed at the Pocantico Inn.

Scout master B. R. Blakeslee with Walter Merritt, Lewis and Charles Bussy, Patsy Martin, Floyd Shaver, Rexford Sloat, Glenford Faulkner and Edwin Tremper are camping at Tenenah Lake near Roscoe this week.

Col. E. Miner spent Sunday at Fleischmanns with his daughter Mrs. Arthur Kelly.

Workmen are busy putting new plank on the iron bridge across the Delaware.

Eggs have reached 45 cents per dozen and are very scarce, evident the hens are on a strike.

Seymour Tompkins was quite painfully burned on his hands and arms Tuesday evening while pumping air into a gasoline lantern at the cheese factory.

Rev. and Mrs. W. V. Allen returned to Sussex, N. J. Wednesday morning after spending a few days at the home of Mrs. Allen's brother Seth Howland.

Rev. Allen is preparing to move to South Willington, Conn., where he has accepted the pastorate of a large Memorial church at a substantial raise in salary. Rev. Allen preached in the Advent church at Arena last Sunday.

**Getting Back at Standard Oil.**

District Attorney Moore, of Erie county, purposes to retaliate on the Standard Oil Company for "maintaining a high price for gasoline in the face of declining prices for crude oil" by ordering the removal of all filling tanks and pumps from the street.

In a statement today, Mr. Moore says "The price of gasoline in Buffalo is controlled by the Standard Oil Company, and that when it raises or lowers price "other companies do likewise, indicating a price fixing agreement."

The cut in the wholesale price of gasoline from 30 cents a gallon to 25 cents is not in proportion to the decline in crude from \$6 a barrel to \$2, he maintains.

Mr. Moore's proposed action against Standard Oil is backed by an opinion from the corporation counsel, who says the company's 700 pumps have been put in the streets contrary to law.—Deposit Courier.

**POOR YEAR FOR FRUIT IS GOOD TIME TO CAN**

**Publication on Preserving Food Offered to Residents of New York is Simple and Practical.**

In the poorest year for fruit which the United States has had for a long time, it becomes doubly necessary to preserve all that can be had.

In connection with this, Cornell has issued a timely bulletin on food preservation. This deals with canning and preserving and the salting, drying and various methods of storage.

It describes various types of equipment and methods and gives receipts for canning and preserving fruits, vegetables and meats.

Copies of the bulletin will be sent, as long as the supply lasts, to those who apply for it. A post card request, mentioning H 136, addressed to the state college of agriculture at Ithaca, will bring the publication.

**THREE CENT POSTAGE FAVORED BY CABINET**

First class mail, 3 cents an ounce, special delivery stamps, 25 cents. This is expected to be the new rate of postage in a very short time.

The Cabinet has discussed the question of 3 cents for a letter and it is understood is in favor of it to take care of the heavy deficit in the postal division. Postmaster General Hays is of the opinion that he cannot give the kind of special delivery service he thinks should be inaugurated for less than 25 cents.

**Kostenbader—Francis**

Walter B. Kostenbader of Delaware, New Jersey and Miss Elnora Francis daughter of Mr. and Mrs. Geo. Francis of Jefferson were united in marriage last Thursday at the Methodist Episcopal Parsonage by the pastor, Rev. E. C. Tamblin.

Miss Francis is a graduate of Jefferson High School and Oneonta Normal and has for the past year been teaching at Sayville, Long Island.

Mr. and Mrs. Kostenbader after their honeymoon spent in the vicinity of New York City will make their home at Delaware, New Jersey where Mr. Kostenbader is engaged in farming.

**Reject Wage Cut.**

As a result of a vote taken by the shop crafts of the O. & W. system, comprising the machinists, boiler-makers, sheet metal workers, electrical workers and carmen, which was completed when the last meeting was held at Norwich, it was announced that 97 per cent of the employees making up the shop crafts organization had voted in favor of rejecting the wage cut ordered by the United States Labor board.

**DRY BROOK SOLDIERS' BODY COMING HOME**

Remains of Floyd Graham who was Killed Overseas, at Hoboken— Dry Brook News Items.

Mrs. Jay Gould left for Newport Sunday.

Wilbert Utter was taken suddenly ill Thursday of last week. Dr. F. D. Wilson of Fleischmanns was called in attendance and at this writing we are glad to note he is decidedly better.

Reginald Todd spent the week-end with friends in Big Indian.

The Ladies of the M. E. church are planning to hold a fair about the second week in August, date not yet fully decided.

Mr. and Mrs. Nelson Graham received a telegram saying the body of their son Floyd who was killed in France is now in Hoboken and will be brought here as soon as possible.

Miss Linden Knapp of Bridgeport, Conn., visited friends in this place for the past week.

Mrs. Cyrus George had the misfortune to run a fish hook in her hand in such a manner as to necessitate going to a Doctor for its removal.

Mrs. Walter Kittle and daughter Beulah, went to Kingston Monday to consult a physician as to advisability of Beulah having to undergo an operation for appendicitis.

S. D. Todd of Arkville made a business trip to Seeger Sunday.

Will Avery had quite an exciting runaway recently when his spirited team ran with horse rake, throwing him under same and dragging him several rods. Fortunately for him the horses got loose from rake and took to the main road and made record time until they were finally caught by his brother Addison, having run several miles. They turned into the field where he was working. The team were not worse for their warning up although one horse was literally stripped of his harness, not having a strap left on him.

Mrs. Brownell and Miss Maggie Caster are now living in the Drexel cottage and although quite a number of years since they have been in our midst we gladly welcome their familiar countenances.

**A Bit Tantalizing.**

The producers of raw materials are first to suffer in the decline of prices, then follow the manufacturers and wholesalers, and last the retailers. This explains why the wholesale price of cheese has been as low as 12 cents a pound but still retails at from 30 to 35 cents. This is too wide a spread and is preventing a larger consumption of this splendid food. It is just a bit tantalizing to find the farmers' product selling below pre-war prices with the retail price at near war prices.—Franklin Dairyman.
