

Fifteen per cent off Bed Blankets

We have something special for you this week.

It is conceded by all house wives that bed blankets are taking the place of the old-fashioned quilts.

The blankets are finer each time they are washed. The colors are fast and will not fade noticeably.

Where it used to take a pile of quilts so heavy one could hardly turn in bed, now two or three blankets keep you warm as toast.

From March 8th to 15th inclusive we are allowing a 15 per cent discount from our already low prices.

Take advantage of this reduction.
