### Will Have New Fire Alarm

At the regular monthly meeting of the Andes fire department last Friday a committee was appointed to get prices and information on an electric siren for a fire alarm in place of the bell now in use.

### Early Coffee Houses

Coffee houses were places of refreshment first opened in the sixteenth century in Constantinople. In London they were, so to speak, club houses, free to all who could buy a cup; and yet each was known for its special circle of visitors, literary, scientific, religious or political. In the absence of newspapers they were a great means of spreading news and of discussing public questions. Nearly all of the middle and higher classes attended them daily, and they came to exert so powerful an influence in politics that in 1675 Charles II attempted to suppress them, but in vain.

### Not Listed

Critic—You say you are your wife's leading man. I didn't see your name on the program. The Star's Husband—No, I am not in the cast, but I am her leading man, nevertheless. That is to say, I lead her dog.

### EVERY UP TO DATE

Dairy should have Louden Stanchions and water bowls attached. It means bigger profits.

### CANFIELD SUPPLY CO.

16-18 Strand, Kingston, N.Y. "Your big downtown store"

### Turkeys Perform Wild Dance Around Snake

I know not if the wild turkey suffers from snake bite; but at sight of a large snake the bird will show extreme excitement. If a flock be present a slow dance will be begun about the reptile, the birds lowering their wings, raising and spreading their tails and making a continuous querulous cawing. Single birds will detach themselves from the revolving circle to make frantic dashes at the snake, says a story in "Days Off in Dixie." "This devilishlike performance will continue for an hour or more. If the snake is not too formidable he will likely be killed; but a serpent of the proportions of a great diamond-back rattler will be left unmolested. "I once witnessed this strange snake dance in the mountains of southern Pennsylvania. From the top of a hanging ravine I looked down through the mist of dawn and counted the turkeys. There were 26 in number. They continued their antics about the snake for a full half hour, when they broke up the dance and began foraging. The snake was a large one. The turkeys probably left him dazed and deafened, but otherwise he was unharmed."

### Kilt Not National Dress of Scotland

By many people, the kilt is regarded as the national dress of Scotland, but this is not correct. For its wearing only in the highlands and has never been popular in the Lowlands. The kilt was suppressed by act of parliament in 1745, after the Jacobite rebellion, and though it was tolerated at a later date, it never became popular again. The earliest mention of the kilt is to be found in an obscure passage in the Norwegian history of Magnus Barefoot, a king of that country who came to the Hebrides in the Eleventh century. It appears that the dress of those days consisted of a sort of skirt, dyed or painted, and a mantle, the former being the original of the kilt and the latter of the plaid. In "Letters from the North of Scotland," published in 1725, the author describes the Highlanders as wearing "a bonnet made of thorn, without a brim; a short coat, a waistcoat longer by five or six inches, short stockings, and brogues without heels. Over this habit they wear a plaid, which is usually three yards long, and two breadths wide, and the whole garb is made of chequered tartan."

Lighting for Pictures Every picture has a right to the best light that can be found for it. It is often true that a wall space on which there is not the right light for one picture is quite the proper place for a picture with different colors or details. While vivid flower pieces and garden scenes, sunlit landscapes and bright interiors do much to enliven a somber corner of a room, there is no picture which may not be seen to better advantage if well lighted. (This does not mean glaringly lighted.)

### Amber in United States

Amber is found in Colorado, Boulder county, and in adjoining counties, particularly in the Boulder coal fields. Amber is a fossil resin of vegetable origin. It is usually of a pale-yellow color, sometimes reddish or brownish; it is sometimes transparent, sometimes almost opaque. It occurs in round, irregular lumps, grains or drops; has a perfectly conchoidal fracture, is slightly brittle, emits an agreeable odor when rubbed, melts at 650 degrees Fahrenheit, and burns with a bright flame and pleasant smell.

### NEW KINGSTON

Mrs. Gordon Adee is spending the week with friends and relatives in Oneonta. John H. Sanford, who has spent the winter with his daughter, Mrs. Earl Stapley, arrived home last Saturday. Merwin O'Connor left Wednesday evening for a few days stay in New York City. Mrs. Ray DuBois and small son of Kingston, came up last week to spend a few days with her parents, Mr. and Mrs. David Adee. William G. Miller left Wednesday for a short stay with relatives on Long Island. He went down with his brother, who motored up the week before. The Women's Missionary Society held their monthly meeting Thursday at the home of Mrs. Isaac Bouton. Mr. and Mrs. John Ingles were visitors at Frasers the first of the week.

### WITH THE CHURCHES

The Church School last Sunday presented by reading and song the story of the hymn "Nearer, my God, to thee." There is a special program of worship every Sunday. Last Sunday evening, Mr. Walker spoke informally to a congregation consisting chiefly of men and boys, on "Fishing by Digging Bait."

The treasurers of church and Sunday School individual accounts have their records balanced to the first of March, so that any contributor may conveniently compare his own pledge with the amount of recorded payments to date. The church financial year ends this month. The Junior Christian Endeavor leaders announced for March 14th are Marguerite Edwards and Eleanor Sanford. The next Senior meeting will be in charge of Marjorie Caswell, Lillian Dickman and Paul VanHeusen.

Methodist Church Morning worship 10:30. Sunday School session 11:30. Junior League 3 o'clock. Epworth League 6:30. Topic "Verbs of Christian Living—To Have." Leader, Clarence Moseman. Evening service. Song service and Study of Hymns. Rehearsal of choir at close of evening service. Prayer meeting Thursday evening 7:30. Study of Membership Manual.

Stone School House Sunday School session 1:30. Afternoon worship 2:30. Song service and Hymn Study.

Winter Institute and Banquet The closing session of the Epworth League Winter Institute was held last Friday evening in the Methodist church. There were between 40 and 50 present. Three periods of study were conducted by Rev. J. S. Lull, Mrs. J. B. Knickerbocker, and Miss Hulda Allison. After the periods of study the Four Groups put on their "stunts." Group One, Miss Hulda Allison, leader, presented "A session of a District School" with Lloyd Mann as teacher. It was very laughable. Group Two Mrs. J. B. Knickerbocker, leader, offered "Grand Concert of the Margaretville Band." This was side-splitting, especially their rendering of "Silent Night." Group Three Rev. J. S. Lull leader, put on "Yes, We Have No Trains Today—Delaware & Northern R. R." Group Four, Mrs. Fred Swart, leader, presented "A Country Wedding." This was especially solemn and ridiculous. Miss Hutchins, in giving the decision of the Judges as to the prize-winning stunts, commented on each stunt and awarded the prize to Group Two, as the most original and laughable. The prize was a large box, neatly wrapped up, and when opened, after numerous papers had been unwrapped, contained a small Lolly Pop. At intervals the Groups gave their yells and songs. Saturday evening the banquet for faculty and students was served in the parlors of the Methodist church, under the direction of Mrs. Cleveland Ballard and a committee of ladies. A fine course dinner was partaken of. During the banquet Group songs were sung and yells given. Mr. Albert Shultis of Kingston was guest of the Institute and served as Toastmaster. His funny stories and words of wisdom were pleasing to all present. Miss Helen Ives, President of the Epworth League introduced Mr. Shultis and toasts were given by Irene Delameter, Clifton Elliott, James Sanford, Harris Barber, Marguerite Ballard, Isabel Delameter and Rev. J. S. Lull. After the banquet Mr. Shultis led in a whirlwind of games, fun and frolic, closing with an address on the Epworth League motto "Look Up—Life Up." A good sing-fest was conducted by Mr. Shultis before his address. The Winter Institute and banquet have been a great success and the young people will remember them with pleasure for a long time.
